

January 23, 1975

PRESIDENT: You're making a point of order that there's been insufficient notice?

SENATOR SIMPSON: I don't know who they are and if I'm going to vote for all of them at one time, I'd like to see the names and sort of get an acquaintance, rather than just hearing them. They will be in the Journal tomorrow, I think it would be a logical time then. I move that we hold them over one day for that purpose.

PRESIDENT: Alright. Then read the list and we'll move them -- we'll lay it over for one day. In view of that I'll overrule the point of order. Proceed Senator.

SENATOR SAVAGE: The names are: Mr. Gerald R. (Bud) Campbell, approved by a unanimous vote of the committee for reappointment to the Nebraska Game and Parks Commission.

Mr. Dan T. Drain, was approved for appointment as Director of Environmental Control.

Mr. George J. David, was approved as a member of the Environmental Control Council.

Mr. David H. Smith, was approved for reappointment to the Environmental Control Council.

SENATOR KOCH: Mr. Speaker.

PRESIDENT: For what purpose do you arise, Senator Koch?

SENATOR KOCH: For the purpose of adding my name to a bill introduced by Senator Duis. I'm asking for unanimous consent to add my name to the bill on state aid. I didn't get the number when you read it. Yes -- earlier.

PRESIDENT: That's in order. Senator Koch's name will be added to -- what -- 368? -- as the co-introducer. Chair recognizes Senator Chambers. For what purpose do you arise Senator?

SENATOR CHAMBERS: Point of personal priviledge, Mr. President.
